J. S. JOSE, LOCAL MANAGER.

Local and General:

Calgary on Monday last.

Mrs. F. E. Pegeler, of Calgary, visited with Mrs. A. G. Birch on Wednesday last.

T. Vandelinder, of Calgary, is visiting his farm to the west of Cross field this week.

Geo. James left during the past Red Deer, taking with him a car of

Hugh McIntyre returned on Mon day, after being absent at the old ne in Montreal for the past three

Mr. and Mrs. A. Lane returned on Saturday last after an extended visit to the e stern states and eastern Canada

The Farewell Dance given by the Gunsollys' last Friday evening was largely attended, and everyone re-ports having the best kind of a time.

Mr. Smith who bought the R. L. Boyle farming interests has taken possession, and R. L. has moved into the house which he recently pur-chased here in town.

Sunday, March-22nd, is Connex Sunday, March-22nd, is Connex-ional Day in the Union Church, the Rev. A. B. Argue, of Olds, is the preacher. The Orchestra has kindly consented to assist the choir and a very interesting service is expected.

Invitations 22v2 been issued by the Crossfield Orchestra for a Dance on the evening of the 27th of this month. If any person has been overlooked by the committee it is not intentional and they would be pleased to issue invitation if notified.

The Directors of the Agricultural Society will meet this Saturday, when it is possible that the Prize List will be passed for this year's fixture. Any person having a special of any kind to offer would do well to see the Secretary, Mr. C. McKay about it before the closing of the

See the FiReCo Stove attachment at-W. McRory and Sons.

Geo. Clarkson left town on Sun day morning for Drumheller, after spending a few days visit here.

We hear that a very enjoyable all night dance was done full justice to at Jno. Neir's house, in celebration of St. Patrick's Day. Quite a number of townspeople being present,

Mrs. J. Smart and daughter arriv back in Crossfield on Sunday last er staying the winter in California.

If you require to renew your old Loan or take out a new one, call and see me, as I can save you money. I represent the N. of Scotland Can. Mortgage Co., The Canada Life, and others.

Chas. Hultgren.

Chas, Hultgren.

We have in town for a few days some Pure Bred Hersford's, viz.—
Three cows, one yearling bull, and a two year old steer. These animals have been on a demonstrating tour under the auspices of the Agriculture Schools. They are the property of Mr. F. Colleut; s.w. of town, who intends sending 15 pure bull to Calgary Fair 14th and 15th April. He has also about, 10 bulls of the amendance on bids, ranch, as well as 275 head of registered cattle. Mr. Collieut is always plassed to meet anyone interested in this class of stock and a cortial welcome will be assured anyone paying him a visit.

Nucut Glass.

CROSSFIELD LOCAL & GENERAL.

When in anger fill your mouth with water, but do not swallow any of it. You will thus be enabled to refrain from many foolish things.

A little tragedy. Mother tells her child thet an angel is beautiful, has wings and flies. Child tells mother that father called the hired girl an angel. The hired girl flew at onco.

The trouble with the men is that it is easier for them to die for a girl before they are married than it is for them to get up and light the fire for their wives after they are married.

A queen bee lays from two to three thousand eggs in twenty-four hours. thousand eggs in twenty-four hours.

The man who will discover how to of the principal provisions of the cross a nucen bee with a hen will clauses of the Rural Manicipalty cross a queen bee with a hen will soon have money enough to buy an automobile for himself and all his poor relatives.

KYANIZE your home and so make it beautiful. Get it at McRory's.

In Loving Memory of

MRS. HAINS, beloved wife of Mr. John Hains, of Crossfield, who fell asleep in Jesus on March 13, 1914. The cup was bitter, the loss severe To part with one we loved so dear; It was God's will it should be so, By His command we all must go.

Gone from us but not forgotten, never shall her memory fade; Sweetest thoughts shall ever linger round the spot where she is laid. Mrs. J. E.

The following communication has en handed to us by Mr. Thos. Fitzgerald. We hope it may be of service to our readers.

DOMINION OF CANADA Department of Agriculture

Lacombe, Alberta.. March 6th, 1914.

Thomas Fitzgerald, Esq., Crossfield, Alberta. Dear Sir,-Your favor of Feby

Dear Sir,—Your favor of Feby. 28th received. For Western grown nursery stock I would refer you to the "A. Mitc-hell Nursery Co.'' Coaldale, Alberta, or the "Patimore Nursery Co.'." Brandon, Man.

Marquis Wheat, Banner Oats and O A C. No. 21 Barley should prove satisfactory for your district and satisfactory for your district and seed of these varieties should be available in the district. If not write the Superintendent of the Seed Branch, Caigary, or Jas. B Smith, Department of Agriculture, Edimonton, for a bulletin giving the Names of Winners at the Provincial Seed Fair, held in Calgary two weeks ago. Yours sincerely,

G. H. HUTTON,

PRICES IN 1841

Toronto Globe on High Cost of Living Seventy Years Ago

According to the Toronto Globe factory cotton sold for 17 cents a yard in 1841 when there was no duty on it. To-day it costs on the average less than 10 cents, some qualities selling than 10 cents, some quanties soiling as low as 5 cents. It seems evident therefore that the policy of oncouragement to home industry which has built up vast cotton factories in Canada has done so without burdening the con-

aumer.

Those who lived in the good old days had more grounds for complaint about the high cost of living than we have to-day. Years ago Canadians had little money to buy with. To-day they have money even for high priced goods.

Hail Insurance Board of Alberta

Killam, Alberta, March 14th, 1914.

The Editor,

The "Crossfield Chronicle,"

Crossfield, Alberta.

Dear Sir,—In view of the fact that the Electors of Rural Municipality of Rosebud, No. 280, will be called upon shortly to decide whether or or not they desire to come into the Hail Insurance District. I thought it might be of interest to your readers to have before them some of the principal facts regarding Municipa Hail Insurance as it is proposed to carry it on in this province. I therefore enclose a short digest

Act, hoping it may be of use to you Yours truly,

E. H. MALCOMN.

A Hail Insurance District has been formed in the province consisting of 23 municipalities that have already voted the subject, and it will also include any other municipalities that may come in from time to time.

The business of the district will be managed by a Board of three Commissioners. The chairman was appointed by the Minister of Municipalities and the other two members were elected by the Researe of the 28 municipalities commissioners. Reeves of the 23 municipalities of

other two members were elected by the Reeves of the 23 municipalities compising the district.

The Board will have full authority to strike the rate of tax, to see that the inspection of the danage done is properly made, and that all losses are properly made and that all losses are properly made and the state of the

other advantages but lack of space forbies to mention them. In surrance was tried out in Sasakatchewan last year. The district there consisted of 116 municipalities. The rate of compensation for total loss was \$5.00 per acm' but they did not pay losses less than 10 per acm' but they did not pay losses less than 10 per acm'. The tax rate was 4 cents per acme, and the total revenue \$77,08 so, that after all losses amounted to \$77,08 so that after all losses and expenses are paid there will be a surplus of \$10,091. The success of the spriem was in fagts on successful that three of the most important companies only glustiness in the This we will be seen that the seen that the

Will Harness the Nile.

Work has been commenced on another great scheme to reclaim by irrigation vast tracts of desert in the gation vast tracts of desert in the gation vast tracts of desert in the tract of the great scheme to the gation vast to the great scheme to add enormously to the catton output of the British Empire.

The tract which is to be watered is known as the Girra territory. It lies below Khartoun, and consists of 1,500,000 acres. The force and flow of the two rivers are at ficient to water the entire district when properly.

The proposal is to build two dams south of Khartoun, one over each of the streams will be irrigate, the water dewing into Egypt will be controlled. At present the Blue this consection in a raging flow, and the White Nile, flowing in a tead of the water flow.

The building of the two dams will enable the flow to be properly requiremental to the stream will be controlled. The two dams will canalle the flow to be properly requiremental than the streams of the Nile.

PUMPING OVER THE OCEAN.

Squirt Guns May Come Into Use For

Squirt Gune a she by the Fer Prepailing Vessals.

Running a ship by a squirt gun and operating a ship by a squirt gun and operating a ship by a squirt gun and operating a ship by having a motorman in the pilot house use a controller just as does the motorman of an electric car are two does that have been serious and the controller in the car are two does that have been serious controller in the controller in the controller in the car again the controller in the car again the controller in the car and the controller in all that is necessary to enable him to do his work in the pilot house. A longer cable attached to his controller in all that is necessary to enable him to do his work in the pilot house. Oil engines are used to generate electricity, and the electricity is used to turn the propellers. So electricity in the controller in the controller in the propellers and the controller in the controller in the propellers. The squirt gun idea is to propel a ship by aquirting out water through pipes ar: the stern of the ship, where propellers ordinarily are located. Water way that it does a trolley car.

The squirt gun idea is to propel a ship by aquirting out water through pipes are the stern of the ship. This same scheme has been thought of before, but never put into use because it cost so much to give that push to the water.

This is a scheme has been thought of before, but never put into use because it cost so much to give that push to the water.

This is a scheme has been thought of before, but never put into use because it cost so much to give that push to the water.

The specific in the scheme appear less absurd. In this pump water is admitted into the chamber and exploded just as an automobile uses gasoline. The explosion of the vapor forces the water out, and the same operation is repeated over and over again. It does the work su

The Story of a Royal Marriage

By MAY C. ETHERIDGE

having people gape at nie whenever I appear."
"Tour royal highness," and an equery, entering, "a man has been equery, entering, "a man has been harded with plane by the police harded with plane by the police has been planed with plane by the police has those who arrested him cannot prince. He resembles you colosely fant those who arrested him cannot be certain whether he is or is not an impostor. What orders shall I give as to his dispection?
"Is he much like me?"
"So nearly that had he not been poorly dressed. I, who am in constant cot tell him from you."
"Bring him to me"
"The squerry disappeared and in a few minutes entered, conducting the man in gaseliou. The prince started at the marvelous resemblance to himself.

self.
"Why have you personated me?"
saked the prince.
"For fun, your highness."
"How would you like to personate
me for a consideration?"
"I am at your royal highness' service."

"HOW WOULD YOU LIKE TO PERSONATE

"MOW WOULD TOU INIX TO PRESONATE MAY."

Sim till the moment he should meet his bride. The prince which to do some shopping, and it was arranged that, while dressed as a commoner and with his hat pulled down over his eyes, he ahould eater a store by one down while Shuster, as the true prince, should enter by another a store by one down while shuster, as the true prince, should enter by another the prince with the shuster was driven through the usual crowd of folterers at the palace gate, all of whom took off their finate, the abute being gracefully acknowledged by Shuster. The prince, looking down from an upper window, as we the exit, prince took a shorter route to the first shop he intended to visit and reached it just in time to see his purjous self alight from his carriage, the footman open the door and Shuster pass through a sunail gathering who, recognising the prince's livery, had run to open the door and shuster pass through a sunail gathering who, recognising the prince's livery, had run to the prince did his shopping in another part of the store, though he found it difficult to secure attention, so cager were the clerks to see this royal sighness.

The prince was much releved and

Gound it difficult to secure attenues, eager were the clerks to see his royal blighness.

The prince was much relieved and pleased at being able to bity a pair of vitockings or a neckie without having a crowd about him, kept back in some instantices by the poirce. He wivede his flances of his ruse and that he would arrive incognitio, his personator constantive to the same and that he would nerive incognitio, his personator to the same way. She at once sent her favourish the same way. She at once sent her favourise attendant out to search for a young fromm who resembled her. The woman spent a week out the street, in shops, at evening colerationness, and at last found; a yoing ladge who sufficiently resembled her mistrees to warrant as a fixing to pass her for the go to the painter. She appressed some supprise and at first refused, but changes.

Tognito

when the princes as we the person who was to represent her she was much pleased, not so much at the resemblance as the carriage, for the indy and the bearing of one of high digree. Some difficulty was met with to induce her to act the part of princess, but at last she consented and began her officiency.

Cow Testing Pays.

There can be no question as to the bright light shed by dairy records on the actual performance of herds and of individual cows. They are useful alike in proving the sur iority of certain cows as well as the

effect of good dairy practice.
For instance, records show that
in one month a seven year old cow
gave 1,430 pounds of milk, but another seven year old in the same herd gave only 400 pounds. Again it is found that 22 cows averaged 1,197 pounds of milk in a month while another lot of 22 averaged only 545 nounds of milk Cows that are kept as dairy cows, fed and bred for production of milk and fat, are only proved by their records. Even from amongst those so kept, selection is necessary, otherwise the herd will fall off in its average. But the in-dividual record, so easily kept, will point definitely to those which are worth keeping,

worth keeping.

The value of a pure bred dairy sire is also revealed when comparing herds. One herd of 14 cows gave 306 pounds of fat in a month. In an adjoining herd of 14, where cow testing has been carried on for four years and where the sire is pure bred, the yield was 556 pounds of fat, in other gwords the income was seventy-five dollars more for that one month.

Be sure you take up cow testing this year, because it pays well.

Crossfield Farmer Wins.

What is undoubtedly a fe the cap of Mr. George Huser and a boost for the district is the winning of a prize by the above mentioned gentleman in the Seed Grain Fair hèld at Calgary last month.

While he was not successful in carrying off the premier honors it must be taken into consideration that he was competing with hand picked grain while his sample was just as you can see hundreds of bus-hels of the same quality in his granary.

Congratulations are in order as w lieve we are right in saying that this is the first time that any farmer north of Calgary has b north of Calgary has been successful in landing a prize for Spring
